# THE BEST OF MC

## Homecoming Court 1994

The 1994 Homecoming was one that is not going to be easily forgotten by the students of Marine City High. One of the main highlights and most special events is the Homecoming Court. It is an honor to be picked to represent your school and your class at Marine City.

All of the events included in Homecoming were a great success. From the nomination of court, the "so-called" flag football Powder Puff game, the annual Bon-Fire, to Spirit Week, the Pep Assembly, and the football game against Imaly City. It was a great week for everyone and a memory that will last forever.

## SENIORS 12-JUNIORS 6

The 1995 senior class powder puff team is ready to get out on the field and show the juniors what they're all about.

### Powder Puff

On October 5, 1994 the Marine City annual Powder Puff football game was held. The game was previously canceled from the original date due to cold, windy, rainy, weather.

The game was scoreless through the first half until senior, Tanya Dezew, made the first touchdown only two minutes into the third quarter.

By the end of the game the seniors pulled ahead in sudden death overtime. The score was left at 6-12 with seniors as the champions.

Tanya Dezew and Angie Daily scored the two touchdowns for the seniors and Nicole Shew scored the one touchdown for the juniors.

# The Spirit Goes On

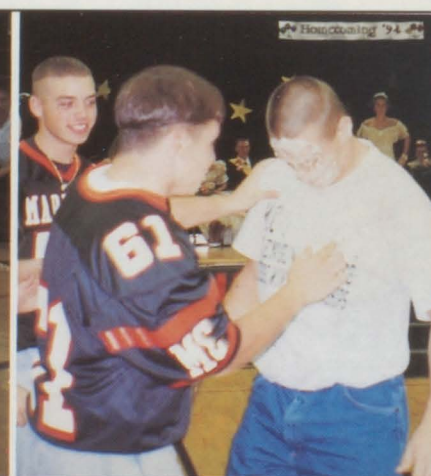

## HOMECOMING ASSEMBLY

If someone came into our gym on Friday, October 14, they would not have known what hit 'em. The noise and spirit of the students was out of control. With the exception of seniors winning all the games except the pie eating contest (won by Ralph Farver, Junior), it was fun. There were games like, the orange pass, the tug-of-war, the pie eating contest, the bag-of-clothes race, the caterpillar, and the spirit chant by class. The cheerleaders were full of enthusiasm and did a very nice job getting everyone pumped. Jeremy Polio enjoyed being a part of the spirit cake. The football players were all erupting and the game became a blowout. This year's court consisted of a very beautiful Queen, a handsome King, and attractive princes and princesses. All and all it was a good assembly.

# Sporting Our Spirit

## Spirit Week

Homecoming week at Marine City High School is one of great fun and excitement. It is a week where all the creativeness and personalities come out in our student body. The week started off with everyone dressing up in their favorite Disney outfit. Tuesday followed with sporting a college hat or sweat-shirt. Wednesday all the ghosts and goblins at Marine City were roaming about the halls. Thursday was the traditional senior toga day and underclassmen wore their class colors. To finish up the week was the original orange and black day. The class participation was great but not good enough to beat the seniors. The senior class won this year, with every event showing how spirited they are.

## Spirit Week

Homecoming week is the most intense and suspenseful week of the whole year. The week starts out with a competition between classes where they dress up to earn spirit points. Following is the event of all events the junior/senior powder puff game. Next the student body gathers around for the main attraction a blazing bonfire. On Friday is the revealing of homecoming king and queen and all the court members. This day also includes the pep assembly and a class competition of games and eating. Later that night you will find everyone out supporting the varsity football team in our homecoming game. The week of fun ends in a dance that is held on Saturday night. Students spend the night dancing and having fun.

Students show that working together can be rewarding and challenging. Cheerleaders show us that with a little organization anything can be accomplished.

## Sophomore Float

Sophomores blew the competition away when they won the battle of the floats. Sweat and tears were put forth in an effort to complete the float. The theme of their float was Steamboat Willy. Which tied in with the entire Homecoming theme of Disney. They worked hard and had a lot of fun doing it, taking an occasional time-out of their busy work and having a few laughs and taking some photos. All of their hard work paid off in the end when they came in an astonishing first place in the float contest. Congratulations Sophomores.

# The Mariners Dominate

Mr. Staskiewicz coaching was key to the homecoming victory.

## Homecoming Game

The Mariners completely dominated the game. The Imlay City Spartans could not stop the Mariner offense. The offensive line of the Mariners made huge holes so runningbacks Larry Shaw, Brett Warken-tien, and Wes Kammer all had good games. The defense shut out the Spartans by playing good team defense. Superior efforts were by Norb Ryan, Matt Griffor, Chris Wren, Mac Marlatt, and Wes Kammer. The final score was Marine City 48, Imlay City 0. Photo/Layout by: Matt Tucker

# WHAT DREAMS

## Homecoming Dance

It's not every day that you see your classmates dressed up like you do at the Homecoming Dance. Every year the dance creates memories for those who attend. Freshmen will remember it as their first dance and for the seniors, their last. Seniors will all remember the traditional senior dance. Everyone had the chance to join in on other traditionals such as the Chicken Dance and YM-CA. This year's dance surely ended an energetic week in a very special way. The gym took on a very Disney look thanks to the hardworking decorators. Whether this was your first or last, or any in between this dance was one you will not soon forget. ## ROMANCE AT THE DANCE

### Homecoming Couples

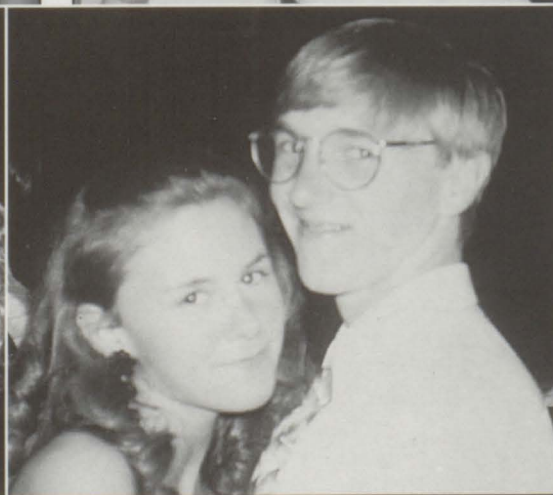

Many people went with dates to this year's Homecoming Dance. Getting asked to the dance can be very special. It can be a great beginning to a long relationship. Some Homecoming couples are already couples. You've seen them around school, and most with a boyfriend or a girlfriend chose to take them as their dates. Some people went with a friend. If you're not ready to have a romantic date and don't have a boyfriend or girlfriend, then friends are good choices. You already know each other, there's less pressure and basically you're more comfortable with each other.

It's nice to see so many couples together. It gives real meaning to the saying young love. Even if you don't stay together forever, it's great to be able to share special times, such as the dance, with someone you care for.

Above and beyond all, the mood for the dance was very romantic and the weather was beautiful. With everyone dressed up and the music going, a romantic mood was set. Every couple surely had a nice evening and everyone received their Homecoming kisses. Photos/Layout by: Berdetta Gohl

Clockwise: Andrew Koch and Wendy Ameel having a good old time. Looks like you're having fun Laura Hoppe and Jesse LaBuhn. Aren't they cute? Lindsay Perkins and Jeff Vandenbossche learning a new dance.

How would you feel if your date wore a dress and you did too? Dana Santini doesn't seem to mind Ron Ledington's outfit at all. The two were part of this year's Homecoming Court.

# Personal Digs

*Left: Lissa Pierson takes a quick minute to show off what she's done to the inside of her locker. Below: All different types of cars are packed in the school parking lots every morning as kids fight for a space.*

## My Favorite Things

Lockers and cars are very important to most students at MCHS. Cars are important because they give kids the freedom to go more places without having to find a ride. Students need cars to get back and forth from school, practice, and their after school jobs, as well as out to lunch. One look at the parking lot shows cars are important to kids. Lockers can show their occupant's personality. People put up wallpaper, pictures of friends, and magazine pictures to show what they really like. Both lockers and cars continue to be important to kids in school.

# LET THE . . .

## Hobbies

There are many activities that the students of Marine City High School take part in other than school related activities. Everyone does something different, whether it be snowmobiling, bike racing, exercising or running around in the woods and shooting at each other. These kids have found something they like to do.

Ryan Biland loves to ride his motorcycles he races for fun and for competition.

When Ryan McLarney is not at work he is glued to the TV playing only sports games on his Sega Genesis. Joe Chartier and Ross McCoy stand proud in front of their horses.

## A TASTE OF ...

## Jobs

For most kids going to school is just part of the daily routine. A lot of kids have to go to work after school, and it's especially hard when you're involved in a sport and also have homework to take care of. Work is not only an important part of a student's life at MCHS, it stresses the educational aspects of a student's education, as well as focusing on all the lessons learned during your high school career. They are used to make everyday work ethics have greater meaning, and aid in interaction with everyday people and situations.

## Winterfest Court

Spirit week for Winterfest is a very exciting time. We hold one of the most important dances of the year. It's a chance for everyone to come in from the cold and relax. Time to have some fun, to dance, and to be with friends. It is especially memorable for those who are chosen to represent their class as part of the Winterfest court. It is an honor to be chosen, out of everyone else in the class to be named part of the court. The court was chosen and announced before Christmas break. In February at the pep assembly they were 'crowned' with Hawaiian leis and reigned at the basketball game and dance. Hopefully, the time was enjoyed by every member of the court. *Layout by:*

## WINTER WONDERLAND

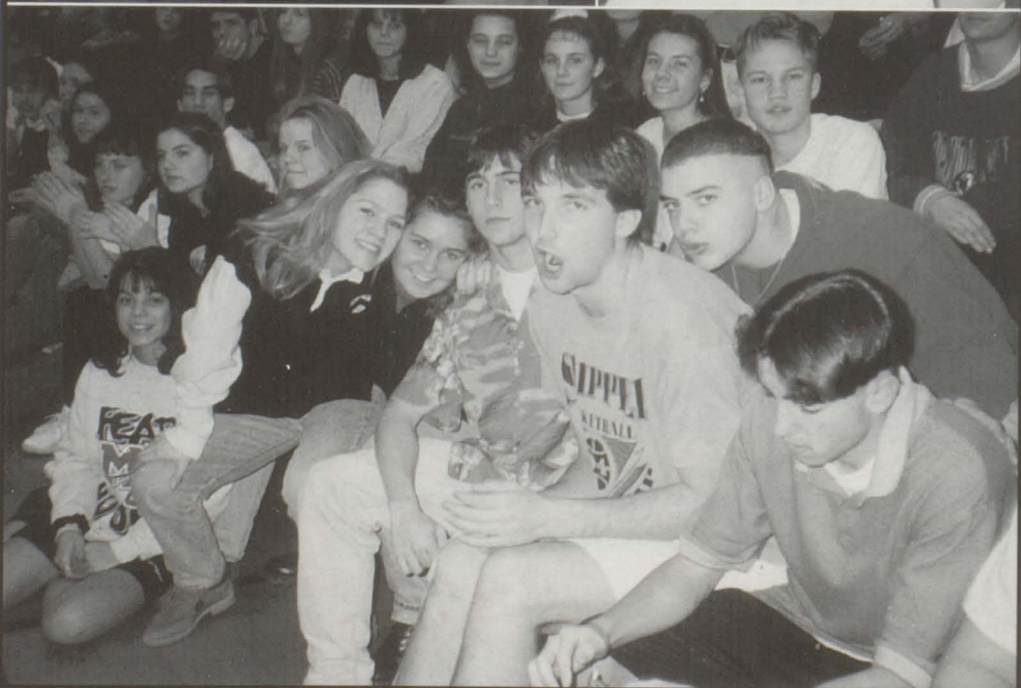

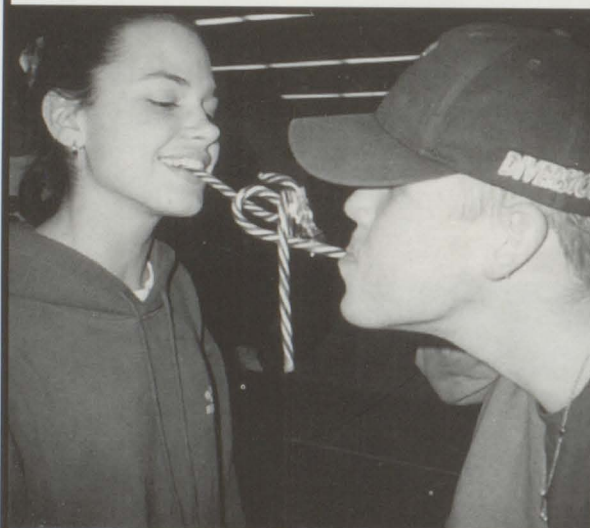

## WINTERFEST

Winterfest was another big success again this year. The theme of "ALOHA" lifted the spirits of a gloomy cold winter. The videos were a great change from just having a plain old D.J. I think more people are relaxed at winterfest because of its atmosphere. You don't have to dress up to come you can just be yourself and fun. It gave people a chance to bring out those summer clothes that were packed away since the end of the summer. The idea of winterfest was a great idea for the girls to ask the boys. If there is someone who you wanted to go to homecoming and they didn't ask you here was the time to do it.

# TRENDS

## What is In

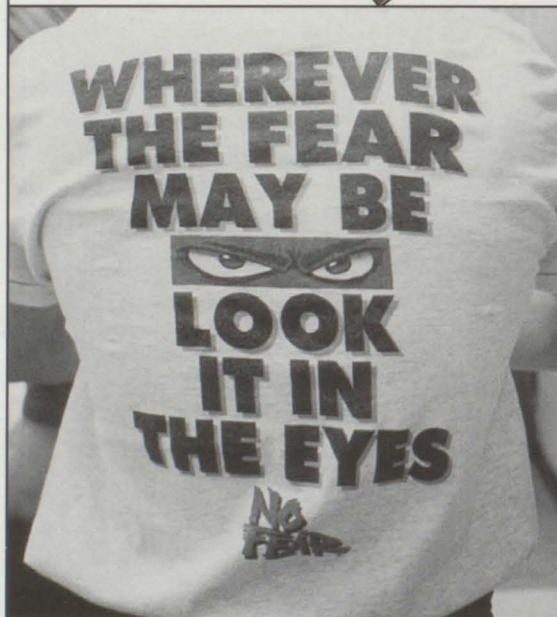

Trends are a huge part at Marine City High. Everyone has to have the right jeans the right shoes the right haircut. Some people feel that if you don't have these things then you don't matter. But things sure have changed around here if you aren't doing your own style then no one really pays attention to you. Last year hippy clothes were in but this year it's the grunge look. Wearing baggie jeans, big sweatshirts, flannel shirts wrapped around your waist. If you didn't match your clothes before you were looked at as being different but now not matching is an in thing. As you can see, over the past years there has been some major change in everyone. Who's to say what we will be wearing in the year 2000.

layout by A. Reynolds

Top — No Fear shirts were one of the biggest fads that went through Marine City High. Everyone had them wherever you looked there was something that said NO FEAR. Michelle V. looks already for a night on the town. Greg H. is keeping his feet warm for winter with his moccasins on.

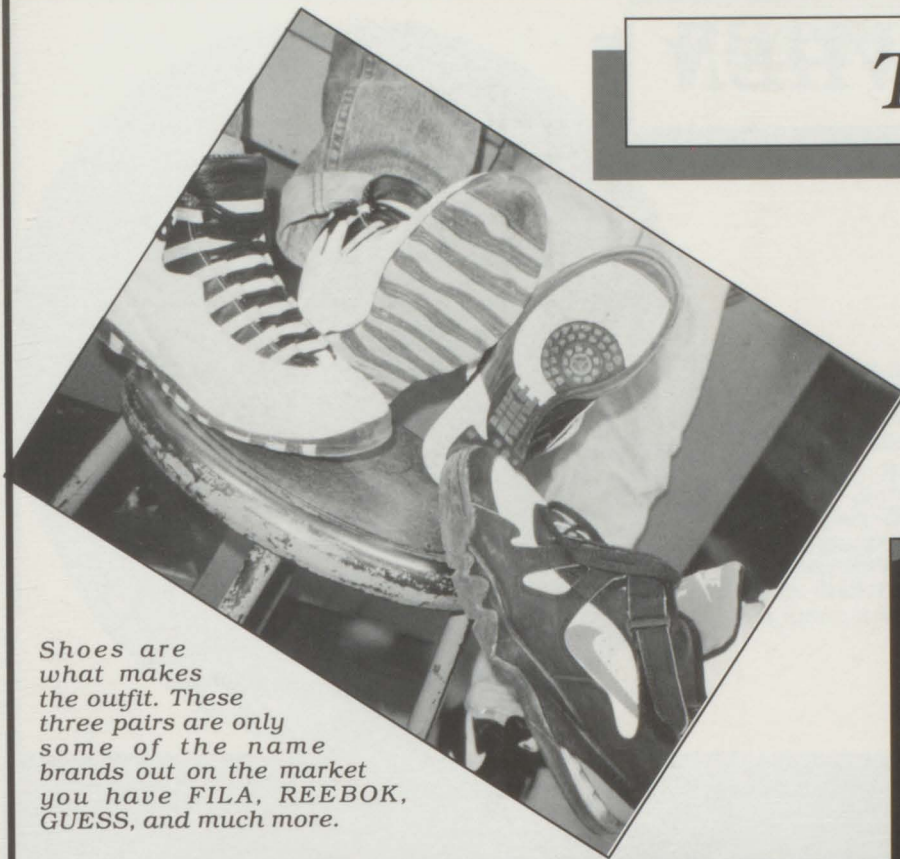

This picture of Wes and Jeff says a lot. It is basically what everyone is doing. Jeff is going for the natural look with his hair as for Wes his is looking for the more prep look.

# TRENDS

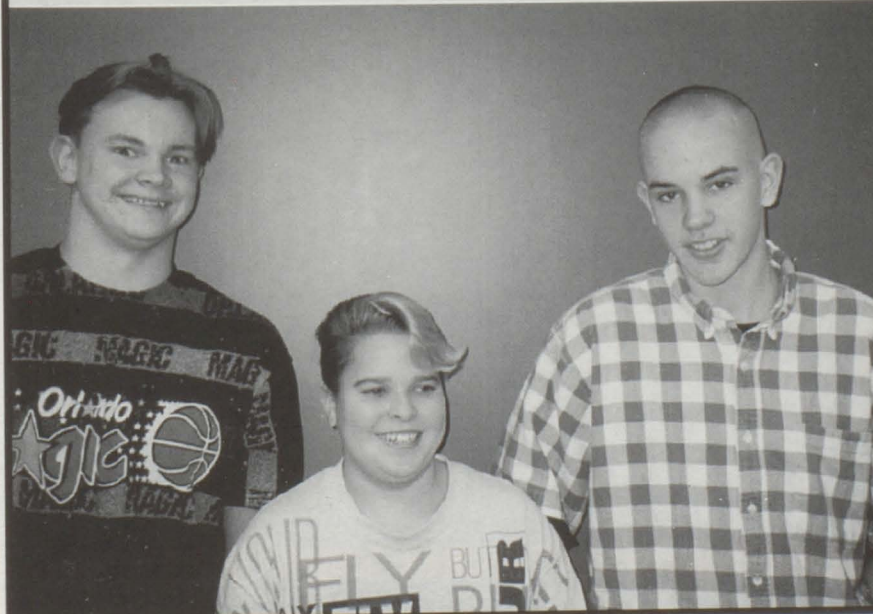

Shoes are what makes the outfit. These three pairs are only some of the name brands out on the market you have FILA, REEBOK, GUESS, and much more.

L-CW — If hats could be worn all the time you wouldn't know that people had hair. Whoever made the saying "NO FEAR" they are making millions on this saying. Hair on some people is a major thing to them but on others they can live without any. Layout by: Allison Reynolds

# REMEMBER WHEN

## Class of '95

*In our earlier days things seemed to be a lot simpler. Problems back then weren't half the size they are now.*

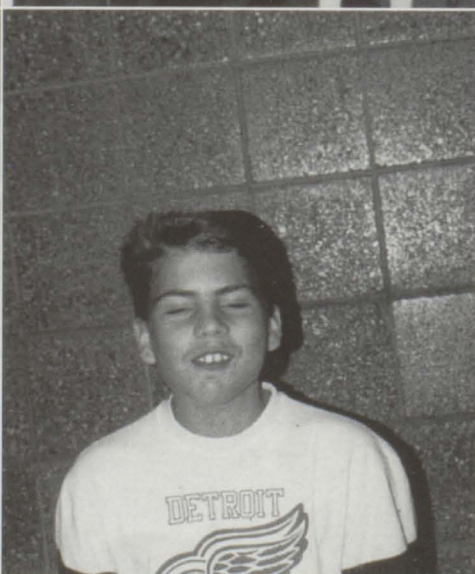

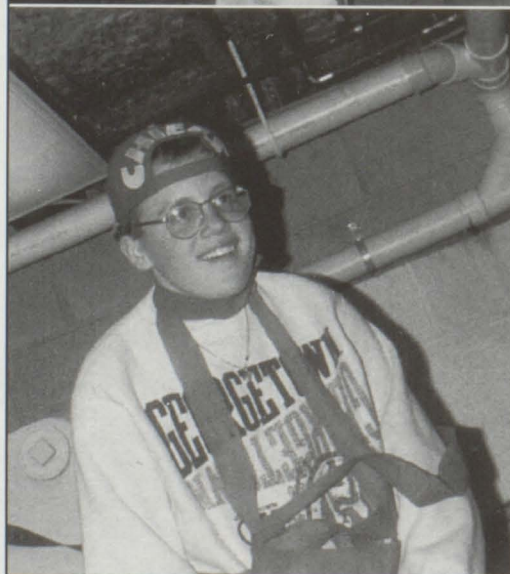

*In Elementary school and throughout Middle school we were taught so many new things. They were the years we also met our best friends. From camp to field trips to birthday parties those were the times we remember sharing with our friends.*

*Now that we are in our final year of high school there is so much we have to look back on. Throughout we will always remember the homecoming dances, the time we first got our driver's license, going to football games and working at our first job. As we had our memories we also had our bad ones. Like when our parents got divorced, when we struggled with our grades or when drugs and alcohol started to appear. Without our friends there beside us through the years, we would not be where we are today.*

## Fashion Show

The lights are out, the music starts and with a single beat the lights are on and Marine City High School models start down the runway. The practice pays off as an excited audience screams and cheers. The fashion show has started. An evening of music, fashion, excitement, fun and prizes has begun.

1994's Prom Fashion Show was memorable for all involved. Many people took part in the show, with the theme of Snow White and the Seven Dwarfs. The lucky models were chosen by the cheerleaders, who also took part. Thanks to gowns and tuxedos contributed by Lendzion's of Port Huron, everyone looked spectacular. The Cheerleaders surely worked hard to make this annual event a success. The fashion show has been held before prom for the last six years. It gives everyone an opportunity to check out the styles for prom. And there's something for everybody. Many colors, lengths, sizes and styles are represented. Prior to the event are many meetings, fittings and rehearsals to make sure all goes well. And it did. Layout/Photos by: Berdetta Gohl

# FARAWAY DREAMS

## Prom '94

The Junior/Senior Prom of 1994 was a huge success. After weeks of hard work and determination everything was transformed into an Arabian land complete with dinner, music, and plenty of dancing. Fun and excitement filled the air while memories that will last a lifetime were captured on film. The night was especially memorable for Dave Volkman and Kimberly Kowalski who were crowned Prom King and Queen. Other memorable events were performed by the rambunctious guys who started a slam dancing mosh pit in front of the D.J.'s stand. The prom took weeks of preparation but the dance seemed to fly by and the last song was ending before everyone knew it.

# MUSIC

## Station Check

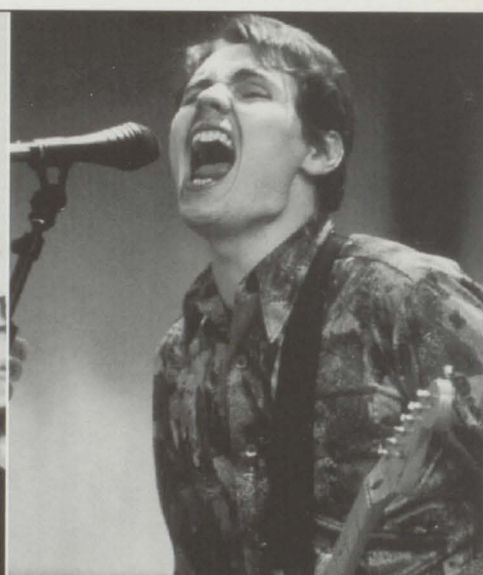

Just when you thought Alternative music had peaked, along came 1994 to blow you out of the water with an explosion of new talent! Hot artists that were burning up the airwaves over the past twelve months include Weezer, Green Day, Beck, Live, Crash Test Dummies and Smashing Pumpkins. Through the indefinable Beastie Boys, Lollapalooza traveled the country spreading its own special brand of vitality for its third consecutive summer.

The music plays on as Generation X lost its reluctant spokesperson this year, when Kurt Cobain committed suicide at age twenty seven. Overwhelmed by the personal torment that found voice in the music Nirvana, Cobain's artistry lives on through his enduring musical legacy.

It was a hot August weekend in Upstate New York when hundreds of thousands of people joined together for forty eight hours of unforgettable music at Woodstock '94 maintaining a vibe that was more "Generation X" than the "Hippie Generation."

## Another Successful Season

Marine City High School had a very talented boys' Varsity Tennis team last spring. The team included great young athletes, such as, junior Kristian Kamplade, a foreign exchange student who visited our school last year.

Among the few players that played on last year's team was David Carrico. Carrico was awarded his varsity letter and All Area status. Kristian Kamplade was also awarded his varsity letter along with, All Area status, All State status, and MVP.

The tennis team's overall record was 8:4, and SCAL record was 8:3.

## It's a Hit and — Run

Fun and games is not just an expression when it comes to the J.V. Baseball team. Their hard work and dedication all paid off while having a little fun. The J.V. Squad showed the true meaning of the word team by working together and playing as a unit. The Mariner J.V. Baseball team hit a grand slam this season by taking the SCAL championship with a record score of 11-1. Some big hitters on last year's squad were Kyle Zimmerman, Nick Mastry, and Phil Bradford. The ace pitching on staff was led by Nate Smith and Jeff Sankuer. This shows a good future for next year's Varsity team.

Congratulations J.V. on a Great Season!!

## S.C.A.L.

This year's Varsity softball team had another very successful season with a record of 29-3. The team finished 1st in S.C.A.L., won districts, and lost in the finals at regionals.

The team was led by Seniors Rebecca Wojcik, Courtney Senger, Stacey Osterland, Kimmie Kowalski, and Kelly Tucker.

Many honors were received after the season ended. Rebecca Wojcik was All-State first team and Courtney Senger was All-State Honorable Mention. Natalie Zahoroff was All-Area first team, Steph Smith was All-Area second team.

Clockwise: Kimmie Kowalski gives us a smile. Kowalski is ready at the plate. Kelly Tucker scoops up the ball. Stacy Osterland gives it her best shot. Natalie Zahoroff is warming up to play the field.

 "I like being loud and crazy in front of a crowd," was 9th grader Kelly Wawrzyniak's response.

## Spirit With An Attitude

The J.V. cheerleaders did a great job in supporting the team and helping them to bring home victory after victory. They worked hard to practice so they could get the audience to cheer. This year's fall football team was lucky to get a group of girls with so much spirit and faith in their school. Photos and Layout by Jamie Austin

The 1994 Girls Track team did exceptionally well in their last season. Several girls, including Trish Sharrow and Renee Pettinger were state qualifiers in their events. Not only did individuals succeed, but the team worked together for the honor of SCAL meet and dual meet champs, making it four years in a row. Tri-captains were Kim Frank, Renee Pettinger and Trish Sharrow. M.V.P.s were Rachael Acre and Heidi Babel. The girls worked hard enough to be champions and had fun in the meantime. Good Job Girls!

The 1994-95 Marine City High School football team had a great playoff run that ended just one game short of the Silverdome. Their first game was against Allen Park. Quarterback Matt Griffor found Wes Kammer in the end zone for the game winning touchdown with no time on the clock. At the Regional game against Oxford, the Mariners put in a terrific effort on both sides of the ball. In the final game against eventual state champion Monroe Jefferson, the Mariners fell 5 points short of a trip to the finals. When the playoff run was over the Marine City Mariners had both a Divisional and Regional championship to show for all their hard work and effort.

## Up and Coming

The freshman football team got off to a rough start in their high school football careers. They were 3-6 beating rival St. Clair twice this season. They didn't have a lot of players this year causing most of the team to play both ways as well as special teams. The team worked hard and always gave their best. Even though their first year in high school football was tough they never backed down. It was through this hard work and dedication the freshman team continued to improve each game. ## Taking the Plunge

The Varsity Swim Team had a great year. Janel Miller broke the record for the breast stroke and free style. The captains of the team were Sue Volkman, Jesse Simons, Stacey Schegel. Swimming takes hard work and dedication for the team to show success. Kristi Berg, Jamie Giffor, Nikki Webb and Melissa Stoffel are a few of the sprinters on the team.

Jamie Giffor, Melissa Stoffel, Sue Volkman are three of the long distance swimmers the team has. Long distance is one of the hardest swims there is. Swimming isn't as easy as some people think.

### Building For the Future

Moving up to the high school level of play was an interesting experience for the freshman girls' basketball team. There is a new coaching staff this year and the girls worked hard to learn the new system of play. As Coach Warwick said, "Winning and losing are secondary at the ninth grade level. We've been looking for improvement on a game to game basis and we have improved." More is being demanded of the team than in the past and they are working hard to develop into a strong varsity team.

## A Ways To Go

The Boys Cross Country team gave a strong effort this year. Yet with few runners, the boys had a great season in terms of personal commitment and challenge.

Each of the runners trained hard running many miles at practice to become successful at the meets. If the runners stop any time in the race, they become disqualified.

In this sport it takes hard work and determination to be a cross country runner.

With Pat Collins as the team captain he showed leadership and motivation.

## A Step Farther

This year's Girls Cross Country team showed great dedication. Each runner worked very hard and always ran their best. Their practices were hard and strenuous, each had their good days as well as their bad. They ran their races well despite injuries and cold weather.

The girls worked well with each other and gave each other motivation. The girls demonstrated true cross country runners.

As Rebecca McColley as their team captain, Rebecca did an outstanding job leading the team.

## Shout It Out!

This year's Varsity Cheerleaders did a great job of showing their spirit and cheering their team to the playoffs. These girls practice hard and it shows. It takes more than athletic ability and flexibility to be a good cheerleader. Teamwork, practice and spirit are all part of the sport. Each girl volunteers her time and energy, plus her own time to take gymnastics class. A lot of effort is put into perfecting these cheers. It takes time and hard work to develop and perfect these routines and cheers.

## Bases Loaded

Last year's J.V. Softball team had a superb season due in part to their great coach Mr. Mike Alley and a lot of hard work. Their Mariner spirit and plenty of practice helped them to finish the season with 9 wins and 2 losses. With all the hard work the girls put in, any of them could have a chance at making the Varsity team next year.

## Record Breakers

This Mariner swim team really has it together. This team has won SCAL three years in a row. Individual efforts include Tom Faucher who made All State and broke records for 100 butterfly, 100 free-style, and also qualified for states. Brian Seibert also made All state and broke his own diving record. Wayne Laubach broke the breaststroke. In team effort Tom Faucher, Wayne Laubach, Marc Golan, and Eric Frank broke the school record for the 400 free relay and the 200 medley. Also, Herb Robb, Eric Frank, Marc Golan, and Tom Faucher broke the school record for the 200 free relay and went undefeated all year. This year's Basketball team had a good season finishing at 11 wins and 7 losses. Although the team was a young team with the majority of it being their first year on the varsity team. This year's team did a great job. They worked hard at practice and put their all into their games. Some of the credit is due to the coaches but most of it goes to the players themselves.

## Shoot for 3

The 1995 J.V. Basketball team had a terrific season. Because of fifteen hardworking, determined guys, they made this Marine City team a winning team. All of these guys have a great shooting record and a lot of potential for their future and future MC teams. And unlike many J.V. teams, this team had a lot of support from their fans. Capturing their attention with their terrific long distance shooting and game winning plays. Great job guys!

## Slam?!

There are many challenges for freshmen in high school, and to have the courage to go out for a team sport shows great attitude and expectation for their future and our own. This freshman basketball team showed great teamwork and determination. This team had the fight and the moves that captured a crowd which held on to many fans. When you think of freshmen you probably think of our future but with that you should think of our dynamic, strong, and winning future. Congratulations team on a great season, and good luck next year!!!

## Go Black!

This year's Varsity Cheerleaders had an outstanding year. Their hard work and dedication paid off. The girls placed 4th at the Oakland MaComb Holiday Cheer, 5th place at Oakland MaComb, 1st place in the Marine City invitational, 2nd place at Marysville, 2nd place in the scal, and they placed 3rd in the regionals.

To be successful at the varsity level where these girls are at is that they can exhibit the ability to learn jumps and cheers. And importantly to be able to learn quickly. To top things off the girls must perform all their cheers with a big smile.

# Hear Them Roar

Does Susan Bassham plan on going out for the Cheer team next year? You bet!!

Jenni Sonnenfeld and Lauren Ames were asked what they think of the J.V. cheer team and if they believed it was a sport, this is how they answered . . .

Jenni — I think it is a sport because not everyone could go out and do all the stunts and cheers without hard work and practice that we go through.

Lauren — I think J.V. Cheer team is great! Yes, I believe it is a sport. It takes a lot of hard work and dedication.

## Shout

This year's J.V. basketball cheerleading team was coached by Ginger Osterland, who is said to be an excellent coach. When she was in high school she was on the team, became the captain, and an excellent cheerleader. The '95 J.V. team went to scale competition and received a second place. They worked exceptionally hard on improving their jumps and stunting skills. To be a member of this team takes a lot of time and hard work. All these girls have very strong voices and a lot of coordination. They love to cheer and be a member of the team.

## Sideout

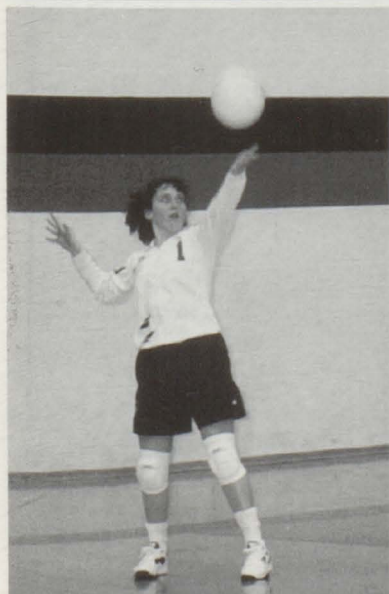

A set and a spike easily sent the Varsity Volleyball team to victory in the '95 season. Even against the most fierce competition the team never backed down they held their own and came out on top. The individual talents and strengths were combined together to form a powerful team. It was an international affair this year with the team having two exchange students to help the team to victory. This year's junior and sophomores show for a good outlook on next year's Varsity team. The team had 5 wins and 5 losses in SCAL. Congratulations on a great season. Layout By: Karrie Clark

## ACES

This year's J.V. Volleyball had a great season. They finished this year with 7 wins and 8 losses. The girls worked hard to improve themselves throughout the year. They also worked hard at practice to improve their game. Next year these ladies will make great assets to the Varsity Volleyball team. Layout by Jamie Austin

## Practice Makes Perfect.

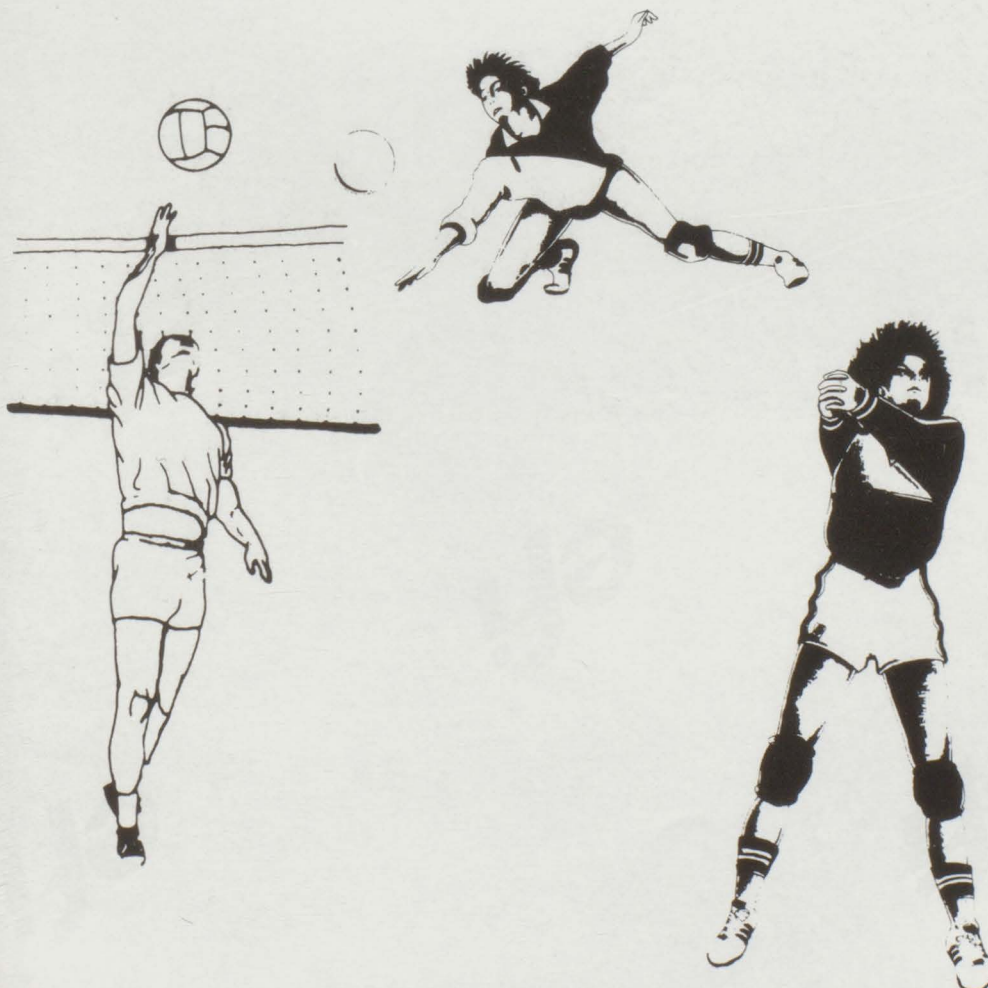

Practice makes perfect and with wins and losses this was proven. This was the first year that Marine City has had a Freshman Volleyball team, and the team did very good. One can truly see the improvement of this team throughout the season. Many of these girls learned the fundamentals of the sport and the fun that Volleyball has to offer. Most of them would say that they had a great season while learning a lot.

Congratulations Freshmen Volleyball Team!

# ORGANIZATIONS

## Student Government

# Leading the Way

Student Government is an organization filled with dedicated, hard working students. Many events that you attend are put on by the student government. Some of these events include Homecoming, Winterfest and the Bowl-A-Thon. Other very positive activities include the blood drive and raising money for charities. The MCHS student government is represented by: class of 1995 — President, Susie Volkman — Vice President, Patty Morehead — Secretary, Dana Gilbert — Treasurer, Kevin Sebastian — Parliamentarian, Jimmy Pettipren, Kelle Sadlowski and Karrie Clark. Class of 1996 — Sara Ahearn, Angie Burkhardt, Mike Dziedzic, Courtney Fix, Kris Scheel, Kristy Stockwell, Ryan VanTiem, Jenny Bramlett and Mike Corbat. Class of 1997 — Laura Bramlett, Julie Brown, April DeMist, Dan Kups, Kristi Nichols, Johanna Vogel, Kelle Wilkie, Lauren Cartwright, and Megan Gelvin. Class of 1998 — Brooke Currler, Dannelle Drtver, Kristyn Honetter, Rebecca Olaszewski, Kristine Pollo, Amanda Ryan, Coree Struk, Sarena Pace and Virginia Edwards.

A special thank you goes out to these students for making the 94-95 school year here at MCHS so memorable!

## DOWN TO BUSINESS

This year, the Business Professionals of America tried hard to better their skills in typing, speech, and taking business classes throughout the year. They compete in a wide range of business topics. This year the Business Professionals of America are: Deborah Hoyle, Carrie Rebecca, Cory Wiseman, Tara Kroetsh, Angela Miller, Heidi Babel, Amy Bieth, Courtney Kus, Jon Phelan, Jim Pettipren, Shawn Treadaway, Keri Keller, Greg Heath, Sara Mantay, Jenni Chivas, Mike Biebuyck, Ray Raymond, Bryan Currier, Julie Browne, Nicole Webb, and Carrie Burcham.

## CAREER TRAINING

*Nick Potvin does not seem to be very excited about going to Tech.*

St. Clair County Tech Center is a good way to find out what you want to be in the future. Skill Center takes three hours out of your day at MCHS. You take a bus over to Marysville either in the A.M. or P.M. There are many classes you can choose from and you can take it to graduate too, it's like having a real job.

## BAND

### KEEPING IN TUNE

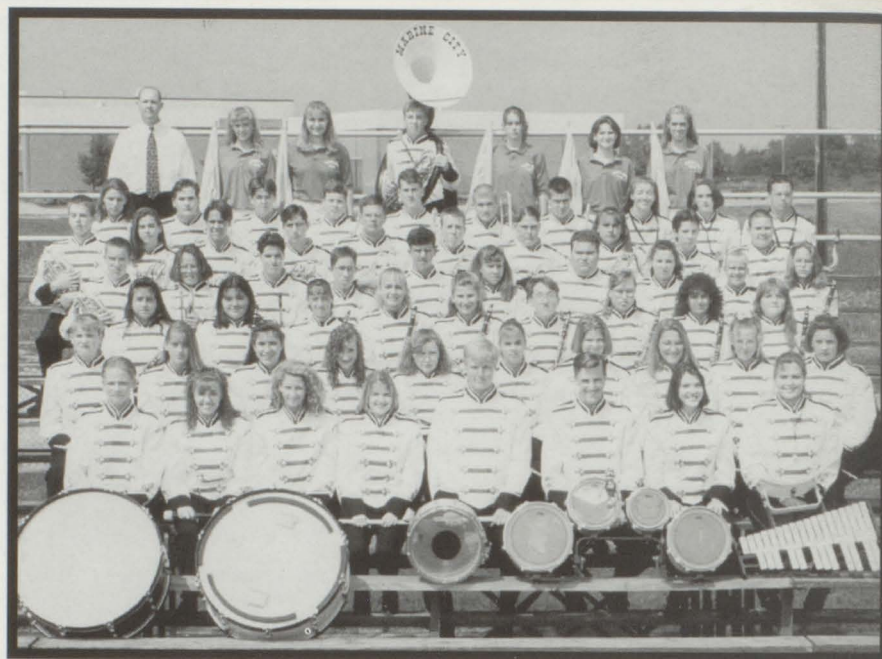

The Marine City High School band is a very important part of the High School. The dedicated members give up their free time to participate in concerts, competitions, parades, and sporting events.

The band performs both a winter and spring concert. Most class time is spent preparing for these performances. In addition to these concerts the band performs in many parades. Much of the band's success can be attributed to the band director, Paul Decker.

## Jazz Band

### Jazz'n It Up!

Mr. Decker stands and directs the members of the Jazz Band while they show their dedication for getting everything down to a "T."

Some people seem to think that Jazz Band is a boring group. Jazz Band is just as much a sport as football, basketball, or volleyball. Members have to give their time and dedication to practice just as much, if not more than other sports because Jazz Band is a year round activity. They travel and perform in front of people just as other sports. Jazz Band also has to raise money for some of the things they do.

# Sobering Up

This year's SADD is composed of about thirty students who care about people getting behind the wheel after they've been drinking. They plan to have a lot of places to go and maybe even an assembly for the student body. At least once a month during lunch time the SADD members will meet for about fifteen minutes to discuss what's going on at that time.

## National Honor Society

The National Honor Society is composed of members who excel in the areas of character, leadership, service, and academics. One of the most successful attempts made by the National Honor Society this year was the creation of their own chapter bylaws. The National Honor Society also successfully ran the campaign for baseball caps for babies.

*Hello Dolly!* was an exceptionally great play which brought dramatization to Marine City High. The cast filled the Auditorium with singing, dancing, acting, and wishing. They acted out romantic, fight, and funny scenes. The cast showed us a whole lot of fun. The horse was played by original member Stacey Hoover and fill-in God, Jeremy Manion. There was a lot of help and support by other students, staff, and parents, which was very appreciated. We are looking forward to seeing this upcoming play. Look out Broadway — here comes Marine City High.

## Exchange Students

# EXCHANGING CULTURES

Left to right: Gabi Schenkel, Julianna Franca, Ben Moingeon, Yoko Kudo, and Suzanne Schaefer all pose for a quick smile.

Our international friends who have traveled far and beyond to seek information and education of a foreign land called America. As exchange students they experience having new friends, family, classes, lifestyles, sports and many other extracurricular activities. The exchange students have shown that they have to have spirit at pep assemblies, homecoming and sporting events. Suzanne Schaefer from Germany is involved in spreading her spirit by being a varsity cheerleader. Ben Moingeon from France spends his spare time hanging out with friends. Gabi Schenkel from Switzerland is active in girls' cross country. Yoko Kudo from Japan and Julianna Franca from Brazil, spend their host families and friends. Hopefully the students at Marine City High School can help the exchange students to have a memorable year in America.

## Concert Choir

### Loud And Clear

This years 1994-95 concert choir had an outstanding performance. The choir and its members worked extremely hard to perform the way they did.

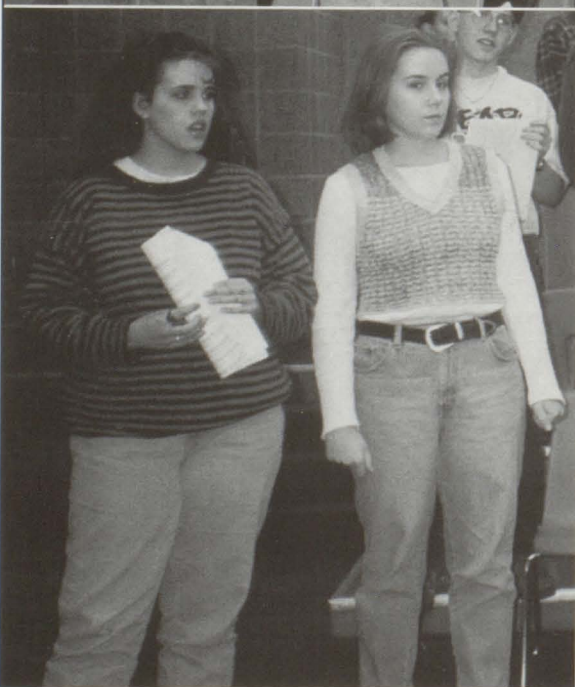

Everyday at the last hour of the day in school the choir met in class to develop the skills needed to help them perform better.

Their first performance this year was held on December 19, known as their Christmas concert. Eastern Michigan University was a great success.

## A Helping Hand

To seniors being a teacher aide isn't always fun it can also be a lot of hard work. Many teachers really depend on their T.A. and place a lot of responsibility on them. Aides take some of the workload of off teachers by making copies, typing, and other time consuming tasks. Office aides allow the counselors and secretaries to spend more time on important tasks and less time running around getting students, picking up the attendance slips, or filing. Overall teacher's aides learn responsibility, faculty's jobs are made easier, and the school is more efficient. Photos/Layout by: Karen Babel

## Quiz Bowl

### The Answer Is?

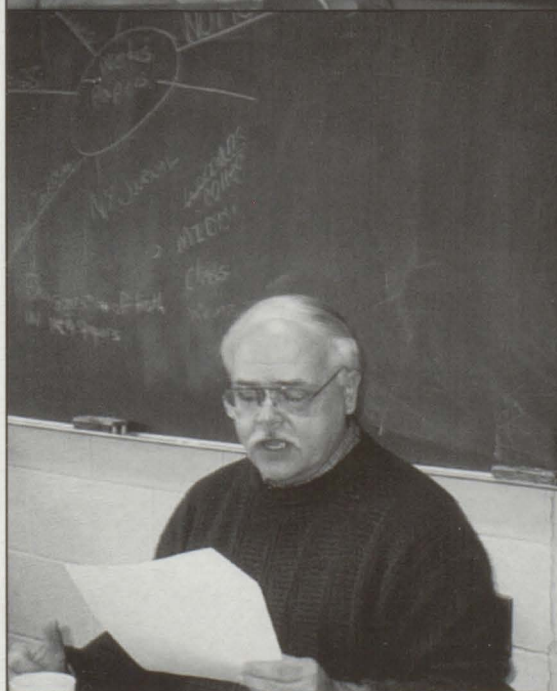

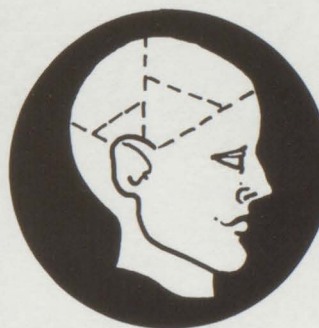

They seem to be thinking hard. Mr. Homberg must have really stumped the entire team with this question.

Quiz bowl is one competition that demands a lot of time and dedication from all of the players involved. The team sacrifices their lunch hours to practice for their matches.

Quiz bowl is a competition in which the students attempt to answer questions from a number of different areas. However they don't only have to be correct they have to be the first to ring in to answer the question.

There are a lot of students participating in quiz bowl this year on both the varsity and junior varsity level including some key returns to help lead the team. Mr. Homberg and Mrs. Christy are working hard to make sure the team is fully prepared and has all the answers.

## Pushing Limits

This year's yearbook staff went to all limits to produce a yearbook to amaze and satisfy the student body. Yearbook is not just a class it is a yearlong job of gathering and working together to put everything in its place. The class consisted of 10 seniors and 4 juniors who spent hour upon hour working to make the perfect yearbook.

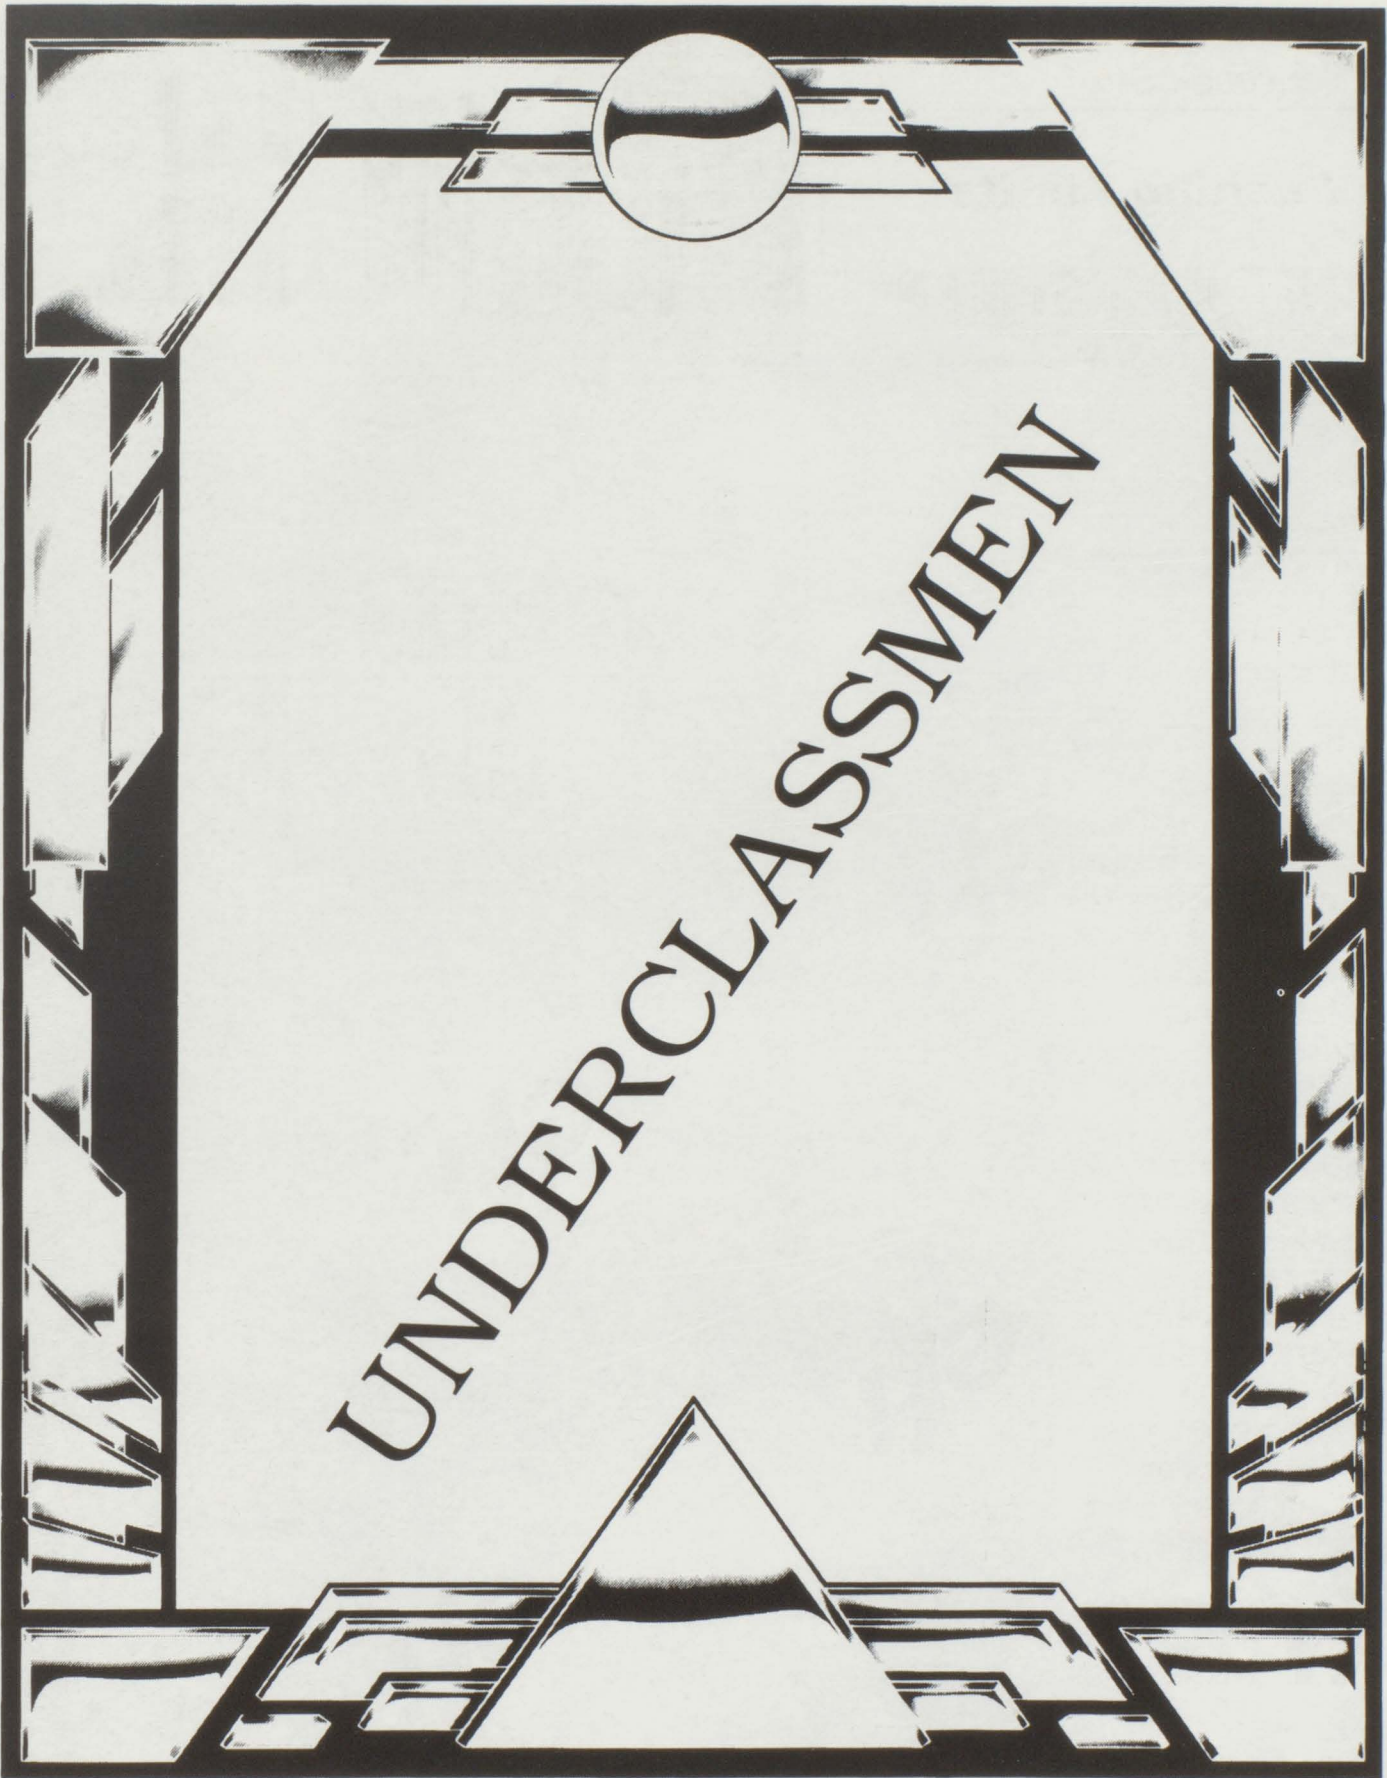

The yearbook staff would like to thank Mr. Bladow our yearbook advisor.

# What's New?

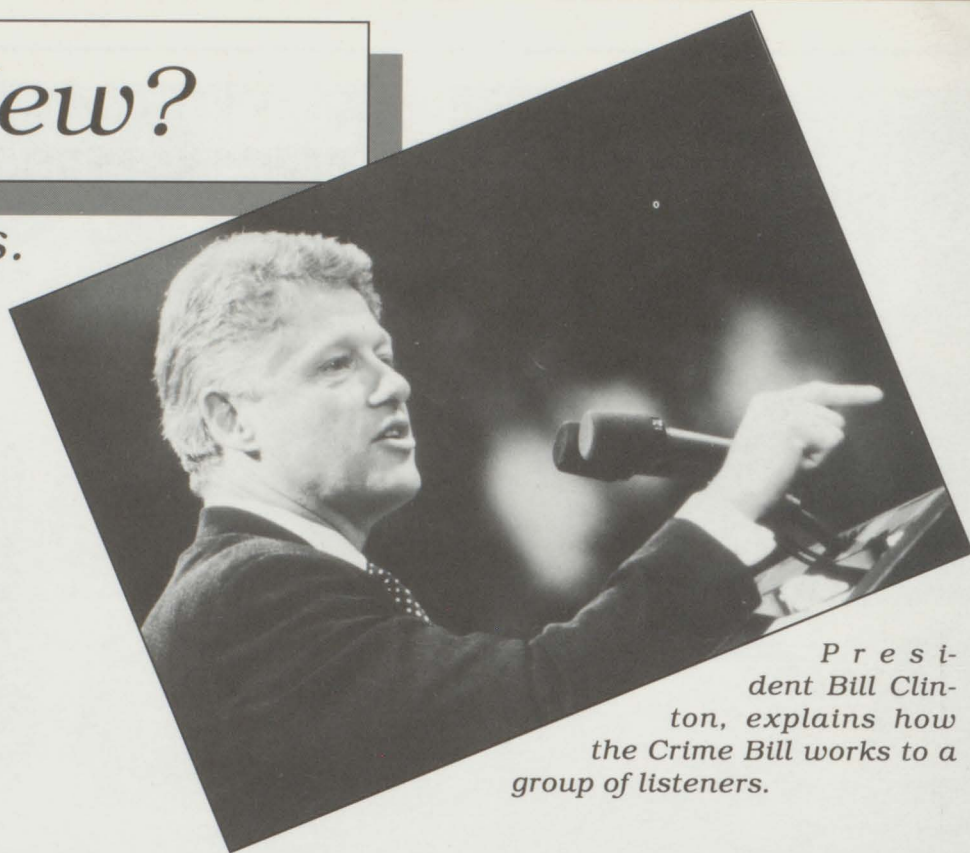

## National News.

Many important National events happened throughout the year. For the first time ever, Nelson Mandela was chosen as leader for South Africa's first all-race election, that ended white minority rule. He was the first black South African leader. Vice President, Al Gore, was chosen as President Bill Clinton's running mate. Now the 46 year old politician is using that experience on Capitol Hill. President Bill Clinton, entered 1995 with no hope for a better year. Although he won a significant political battle with the crime bill, he lost the Health Care Proposal that he battled for all year. He said the passage of the Health care bill was his most important mission as President. It was called the trial of the century. The trial of O. J. Simpson. He was accused of brutally murdering his ex-wife, Nicole Brown Simpson. And her friend, Ronald Goldman. There was so much interest in the case that it was televised Nationally. On the Prosecution's side was prosecutor Marcia Clark, who battled against the expensive "Dream Team" led by Robert Shapiro.

# What's New?

Garth Brooks, was named the Academy of Country Music's Entertainer of the year for the fourth straight time. As one critic said: "Garth Brooks somehow manages to re-create that pure country sound that cuts through all the nonsense to touch hearts and simply have fun."

Metallica's latest album entitled "Metallica" hit the top of the charts.

49er's Quarterback, Steve Young, was named most valuable player for Superbowl XXIX.

John Secada came back from a disappointing album in 1992 to become an instant success.

# Rock'n To Rock!

What is the Rock-a-thon? To start with the Juniors get pledges and then rock in rocking chairs for 12 hours straight. This is a major way of raising money for our Prom. This year's rock-a-thon was a great success, earning a lot of money. This year's participating juniors had a great time while raising money for a great reason. Some of the activities used to keep busy were watching movies, playing games, signing karaoke and just goofing around. It was a great success. Congratulations on a job well done Juniors!

Michelle Richards, Monica Acre, Jessica Bradford, Zita Gregg and Kelly Ashmore take a break from rocking and smile for us. Ryan VanTiem and Mike Dziedic look like they're having a good time. Jenny Kaufman, Kristin Senger, Sarah Slater and Lisa Gyuran are all set up with their rockers. Smile Everybody! Sing for us Tom Pryzewski.

# LOOKING TO THE FUTURE

# SENIOR WILLS

Nat, I will you my crutches "Oh my Darlin" and Sharney Sticky 4 I leave you my crayons and coloring books and battle ship game.

Elymen, I leave you another trip to ceader point.

Pam I leave you everything that nobody else has.

Amber I leave you rubber gloves for my atena, a new locker so mine's not always open and air fresheners!

Michelle, We leave you a lifetime supply of batteries so you will never be alone and a map so you can find K-mart.

Karen, I leave you "BIG RED" to keep your knees warm.

Matt, I leave you a "BEAR TRAP."

To everyone at VG's, The number 6 because it is always six.

Cherl, For you I leave the saying "what the heck."

Steph, We will you "Rodney King" and a cheek bra.

Karen, I leave you a rivet and a phone off the hook.

Pam, I leave you clear guess jeans.

Mandy, A pink phone.

Lissa, I leave you the memories of French class.

For the 6 of us, "The Building."

Rachel, I leave you a slim jim, a super soaker for drive bys and a call on the other line.

Mariner Man, I leave you the one and only "FLYING MARINER MAN."

This is a part of the yearbook we left just for seniors. This part was for seniors to leave behind to another person that would represent special moments between them and their friends.

When we look back on all of the fun things that happened and wish we could do it all over again.

## Karen Babel

Karen Babel was named Co-Valedictorian of the class of 1995 of Marine City High School. While maintaining her 4.0 grade point average she was active in student leader organizations and sports.

During her high school career Karen was an active participant in sports. She competed on the Junior Varsity Volleyball and Softball teams.

As a student leader at M.C.H.S. Karen has been an active member of both S.A.D.D. and the National Honor Society. In her senior year she was elected Vice-President of the N.H.S.

After she graduates Karen is off to college where she plans to study physical therapy.

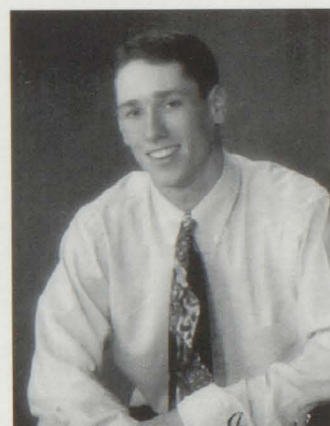

## Jonathan Phelan

Being named Co-Valedictorian of the class of 1995 was an honor received by Jonathan Phelan. He kept his grade point average at 4.0 while he excelled in sports and was a member of the N.H.S. all at the same time.

Throughout high school Jon competed on the Freshman and J.V. Basketball, Varsity Golf, and the J.V. and Varsity Baseball teams. He was chosen as the captain of the Varsity Golf team for two years and captain of the Varsity Baseball team his Senior year. Jon was named to the All-Area and All-League teams in golf and received an All-League honorable mention in baseball.

Jonathan has decided to attend college after he graduates and plans to major in business management.

## Suzanne Volkman

Maintaining a grade point average of 4.0 Suzanne Volkman was named Co-Valedictorian of the class of 1995. While keeping up her grades she still found time to be active in sports and student leadership activities.

Suzanne has been active in student leadership throughout high school. She was President of her freshman class and a member of the student government for three years. Susie has been a member of the N.H.S. and S.A.D.D., both of which she served on as Secretary during her Senior year.

As an athlete Suzanne participated in Varsity Swimming every year. Her hard work paid off when she was chosen as team captain her Senior year.

After high school Suzanne plans to attend U of M and major in biomedical engineering.

## Gregory Heath

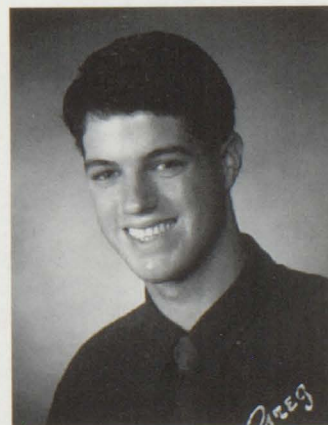

With a grade point average of 3.98 Gregory Heath was named Salutatorian of the class of 1995. Along with his studies he has been kept busy with activities like drama, band, and sports.

During his time at M.C.H.S. Greg has taken part in the sports of swimming, golf, and tennis. He was the captain of the Varsity Golf team in his Senior year.

Greg participates in student leadership activities such as S.A.D.D., N.H.S., and Business Professionals of America. During his Senior year he was elected Treasurer of the N.H.S.

In the fall of 1995 Greg plans to attend the University of Michigan and major in chemical engineering.

## CUSTODIANS

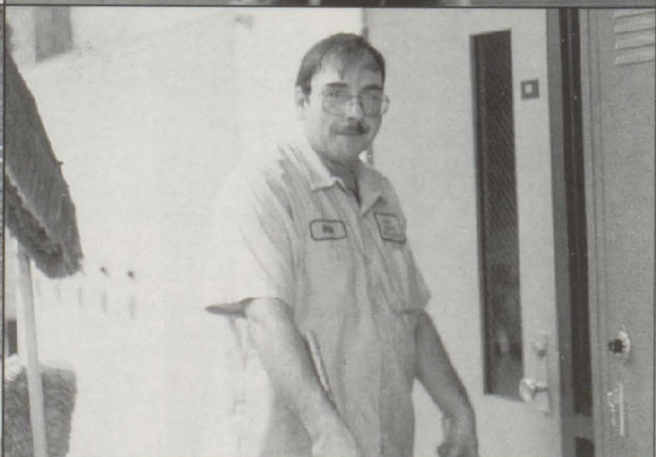

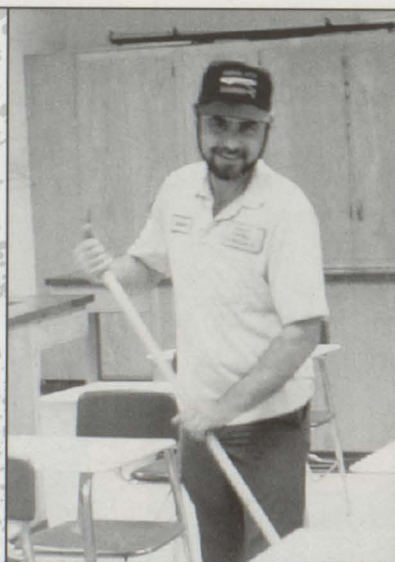

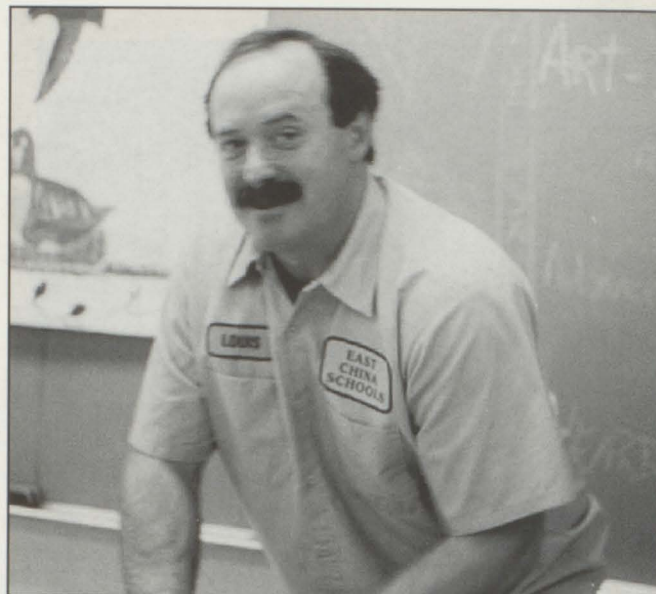

### Custodial Digg's

**The custodians at Marine City High School, work very hard to make sure that the students have a clean school that they can be proud of. They have many duties they have to attend to every day. Not only do they have to keep things clean, but they also have to fix anything that needs to be fixed, and in the winter they have to get to school even earlier to plow the snow. We owe them all a great big Thank you.**

*Layout/photos by Matthew McLarney*

Members of the MCHS custodial staff who are picture clockwise from the top are ... Louis Riffenburg, Jerry Markel, Glen Hoornstra, Bob Rose, Bob "Boss" Duetsch, and Doug MarLatt.

## Yearbook Seniors

### **Jamie Smith**

The past two years being involved in yearbook has made me realize many things, such as hard work, team work and dedication. This year I was proud to be editor of my senior yearbook. This has definitely been a great experience and one I will always remember. I also hope this is MC's best yearbook yet and one to make the class of 95's year most memorable.

### **Allison Reynolds**

Being a part of the yearbook staff has taught me a lot about life. Over the past two years I have learned more responsibilities than ever before. I think that the seniors have put a special touch in this yearbook, making this our best one yet. Being on yearbook will be a part of my '95' year that I will never forget.

### **Matt Tucker**

Being in Yearbook class the past two years has been fun and interesting. I think some of it was fun, like being in a class with friends, but it was also very hard at times. When I look back at my High School career I will always remember this class.

### **Jamie Austin**

Being a part of the yearbook staff has been an experience that has helped me to cope with the pressure and stress that come with everyday life. I enjoyed working with the other yearbook members to create the last two yearbooks and I will miss the teamwork that was involved in creating them.

### **Laura Hoppe**

The two years that I have been involved with the yearbook, I have learned responsibility in a whole new view. Having deadlines makes you push yourself to turn your work in on time. If you don't then you never get what you're working for in the end. Being in yearbook has taught me how to work better with others and I am glad that I participated in it.

### **Karrie Clark**

Dedication, responsibility and fun are just a few ways to describe the work that was put into the '95 yearbook. In the last two years of working on the yearbook staff it has taught me much about teamwork, creativeness, and very hard work. To me yearbook is a challenge of capturing special moments and memories that will last a lifetime and transferring them onto a page.

### **Berdetta Gohl**

Being on yearbook for the past two years has been an exciting experience. I have learned a lot about teamwork, cooperation, and responsibility. Working with a variety of people with different talents and personalities teaches you how to get along in life. Overall, it was a fun, valuable and absolutely unforgettable experience.

This year, our seniors had a great time creating the '95 yearbook. We all hope you enjoy it for many years to come. Hopefully, we captured all of the special times and memories. Other seniors in yearbook this year include: Karen Babel, Renae Murray, and Matt McLarney. Layout by: Berdetta Gohl

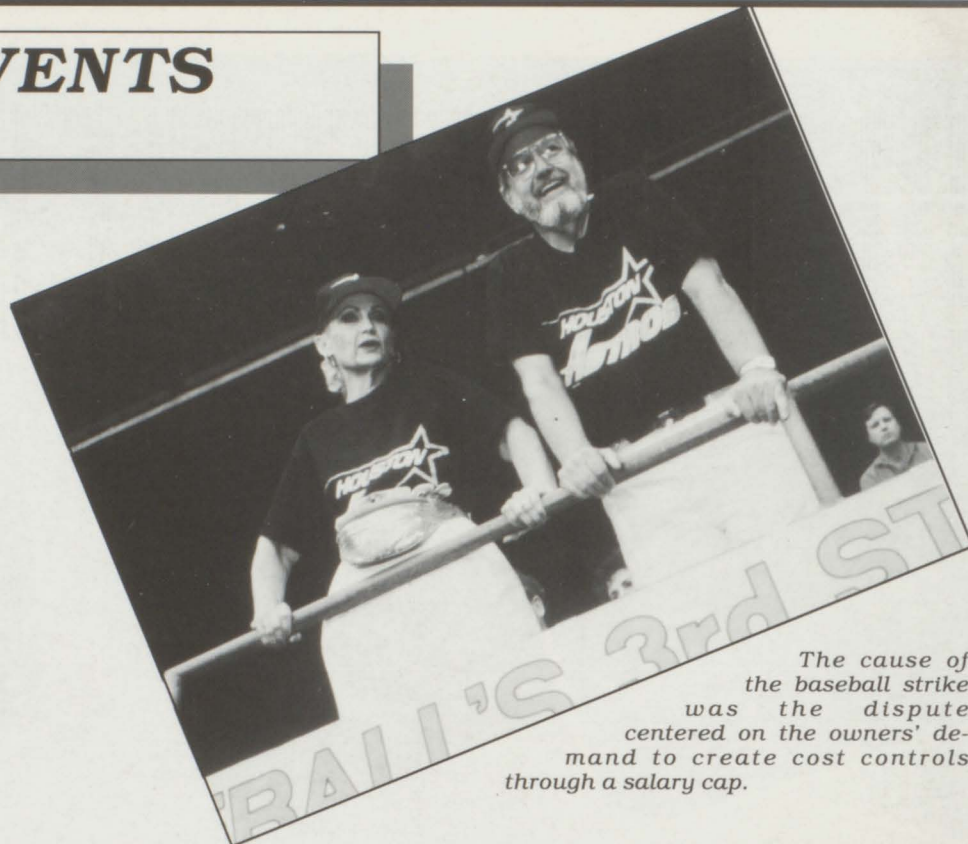

# CURRENT EVENTS

## Events of 1994-95

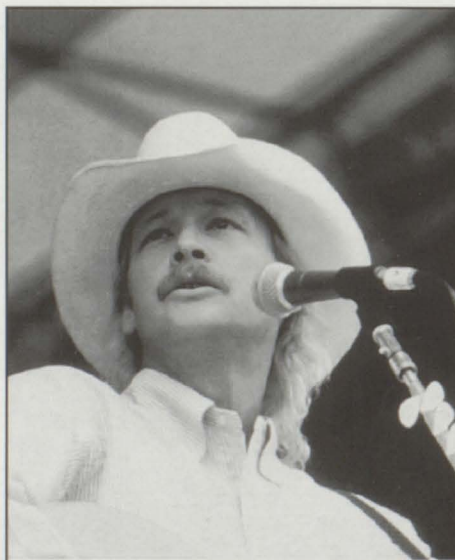

The events of 1994-95 had an impact on many people. We heard all about them every day on either the news, radio, newspaper or we have read about them in different magazines. From the 1994 World Cup Soccer competition to the O. J. Simpson trial, these national events will never be forgotten.

Layout by Laura Hoppe

Top L; Alan Jackson hit the charts with a 13-song album — "Who I Am." This hot young country singer with his 10-gallon hat has enough potential hit singles on this, his fourth album, to keep him in the chips for a long time. Top R; It was called the trial of the century. The trial of O. J. Simpson. He was accused of brutally murdering his ex-wife, Nicole Brown Simpson, and her friend Ronald Goldman. There was so much interest in the case that even the preliminary hearing was televised nationally. Lower Pic; One critic called their music "pseudo grunge," but Stone Temple Pilots didn't let that bother them. Even while previous album "Core" was still on the charts, they made it to the top with "Purple."

The cause of the baseball strike was the dispute centered on the owners' demand to create cost controls through a salary cap.

Steve —

You have reached the first transition into adulthood and as a result we are going through the difficult transition of letting go of our child.

Having a son like you is a blessing and a joy. Your integrity and deep sense of decency have always made you a positive influence on those around you.

We are so very proud of your many accomplishments and we know these are only the beginnings of the many goals you will achieve.

As we let go of our child we embrace the extraordinary man you have become. Congratulations Eddie!! We love you!!

Angela,

Words will never describe what an absolute joy you have been to me. I am so very proud of you. I hope you find true happiness in your life, and may all your dreams come true.

Thank you for all the wonderful moments and all the long talks, and for being my strength as well as me being yours. Stay a leader and not a follower. I love you very much!

Kevin,

The years have passed so quickly. We have seen the hard work and dedication you have put forth — not only in school but also at the farm. (Patches, Josie, and Toby thank you for that.)

We have had the privilege to watch you grow into a wonderful and caring young man. We must say that we are proud of what you have become and cannot wait to see what you have yet to be.

Just keep believing and you will continue to achieve.

Andrew,

He was born on May 6 this bundle of joy  
We, his parents, were so happy 'it' was a boy!  
He was special, we knew, as throughout the  
years

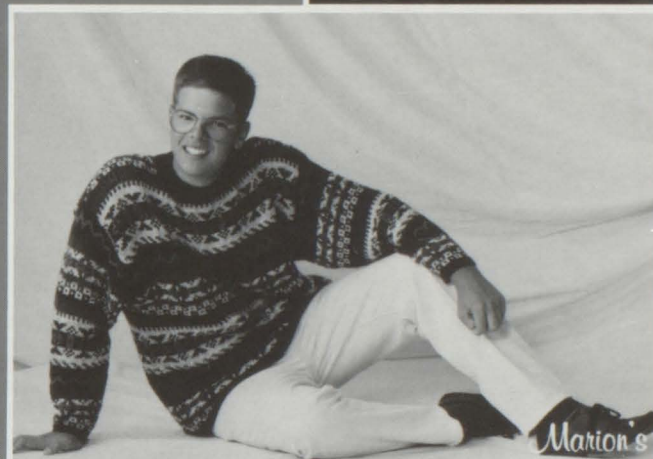

He always knew how to quiet our fears.  
Growing up with two sisters and a brother  
He learned well how to manipulate dad and  
mother.

His brother, Steve, he idolizes him so  
Following in his footsteps and is becoming a pro.  
Andrew's talents are many, golf and music are  
two

Music he will study at WMU.  
Congratulations Andrew, on a job well done  
We wish you well, our favorite second son!

our first trip to Disneyworld and Florida to visit  
Grandpa and Grandma, to name just a few.

We wish you health and loads of happiness!

Remember to reach for your peak! Understand,  
have courage, faith and be strong.

And don't ever forget . . . for even a second, how  
very special you are and how much we love you!!!!

If you could be anybody else for a day who would you choose?

— I would be either Brad Pitt or Jared Leto's girlfriend.

— Jerry Seinfeld — he's

a funny guy.

— any talk show host, it'd be fun, you meet all types of people, help them, and can say anything you feel like.

— Ross Perot — I'd put all his money in my bank account.

— Mariah Carey — she has the most beautiful voice I've ever heard.

— Cindy Crawford — she gets paid to look good

— Steve Young — an awesome football player and he set a Superbowl record.

## I THINK HAPPINESS IS . . .

— to be loved by  
someone you will  
love forever.

— when you know  
just what you  
want, and you get  
it.

— to be free.

— knowing in your  
heart that you're  
right, even when  
others tell you that  
you're wrong.

— when your parents  
are out of town.

— good music, good  
friends, and good  
times.

— doing whatever  
you want to do!

— when someone  
you love tells you  
she loves you  
then changes her  
mind 3 days  
later.

— a last second win.

— when you can't  
remember  
anything.

## Where to go from here . . .

One of the most difficult decisions facing high school students is what to do after graduation. Some people opt for trade school, others get a job, and some are just happy to get through. However many students choose to go on to college.

The task of choosing a college is more difficult than it seems. First there is the choice of a private, public, or community college or university. Other factors to look at in choosing a school is the location, affordability, and majors available at each school.

The total enrollment of a school will affect not only social, but class size, choice of majors, and the amount of personal attention that you will receive. In choosing your home for the next four or more years you should research different types of schools. After deciding that you like things about different schools you should take the time to visit a number of different schools so you can get a special feel for each campus. Researching and visiting colleges will help you make a decision through elimination. If you don't know where

## Color Me . . . ?

Color can often be an outward display of someone's personality or mood. To find out what others thought I asked students what color best represented their personality and why?

\*Yellow because I am always smiling and having a good time. — Beth Jurmo

\*The rainbow because I change from day to day. — Andrea Gold

\*Red and Blue — The fiery ambition that drives us all and all the friends that a person can have. — Steve Edwards

## Help!!

Being in high school can be an eye-opening experience for underclassmen. I asked the Seniors what advice they would give underclassmen to help them survive four years.

\*Be nice to Seniors and they'll be nice to you . . . maybe.  
— B. J. Gohl

\*Work hard early and then have fun later. — Jesse Simons

\*Have as much fun as you can now because the years fly by and before you know it you will be graduating. — Jennifer Johnson

At the age of 31, **Jerry Rice** had the National Football League Record for career touchdowns. And then, the 10-year pro with the San Francisco 49ers became the league's all-time touchdown scoring leader. His two touchdown receptions and 23-yard scoring run in the season opening 44-14 victory against the L.A. Raiders increased his career total to 127. That was one more than Jim Brown had when he retired in 1965 after nine years with the Cleveland Browns.

Health is probably the number one concern in America. Fat Phobia seems to be reaching fever pitch: People are opting for frozen yogurt instead of ice cream, making burgers out of turkey instead of beef, and prowling supermarkets for the best of the "light" cookies and mayonnaise crowding the shelves. Yet despite the growing popularity of all foods light, the American Heart Association says that in the United States we're still averaging 36 percent of our calories from fat, instead of the recommended 20 percent to 30 percent. And as a country we're getting fatter: Women in the 1990s were overweight by 35 percent, up from 26 percent in the late 1970s.

So what's going on? Much of the blame may lie with long established bad habits, in terms of both diet and exercise. But perhaps some of the problem is also due to the confusing messages that bombard dietary-fat watchers. WHAT'S A HEALTH CONSCIOUS EATER TO DO??

Top R; Ken Griffey Jr. of the Seattle Mariners was well on his way to breaking Roger Maris' homerun record of 61 when the baseball season came to an abrupt end. Middle L; President Bill Clinton ended 28 years of favored treatment for Cuban refugees. He ordered U.S. ships to intercept those fleeing Cuba by boat. Lower L; Tropical Storm Alberto hit the South, and the Georgia floods made history. The storm unloaded more than 20 inches of rain and caused flooding that killed 31 people.

The 1994 World Cup Soccer competition played in the United States. An estimated 2 billion people worldwide watched Brazil battle Italy to a 0-0 tie. Brazil won 3-2 in a shootout.

## ON THE SPOT!

Jim Petitpren is a part of the Senior class here at Marine City High School. When asked what is under his car seat right now Jim said we would find something very ugly growing. He also said that the food under his car seat is the grossest food ever.

## The World is a Sick Place

As I sit here in complete boredom (in class) with swimmer's ear that just won't quit I wonder. I wonder how fungus and bacteria got planted in my ear in the first place, and much less how I can cultivate it and become a horticulturist. I also wonder why riding lawnmowers have headlights. How many people mow their lawn at night and what kind of animal would you need to see anyway. The other night I went to Taco Bell and when I got home, my colon felt like it was going to explode into some sort of greenish-brown mucus. Did you know that rancid pork is an aphrodisiac. Sitting in class reminds me of the time I was stripped naked and tied to a rack while some mice did circus tricks and such for a little piece of cheese. Well actually I wasn't naked, I was wearing a small scarf and some leg warmers. The world is a sick place. Have you ever had a dream that you're a chocolate Easter bunny and all the other chocolate Easter bunnies were chasing you and trying to bite your head off? Me neither. The world is a sick place. — Brian Seibert

Rebecca  
McColley

## ON THE SPOT!

Rebecca McColley is a senior at Marine City High School. If we looked under her car seat right now we would find money and candy wrappers. She said that if her house was burning she would save her family and her dog but let the house go up in flames.

I took a survey asking the question, "What do you think of all the coverage on the O. J. Simpson trial on T.V.?" Some of the kids at MCHS are glad it's on T.V. because it's easy to watch and they want to follow the case of a fallin' legend. On the other hand, however, the majority of kids dislike the trial being on T.V. because they are sick of it. They say it interrupts other programs that they would prefer to watch.

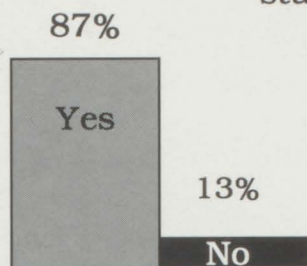

I also asked whether or not they thought if O. J. was guilty or not? Most of the kids believe that he is guilty, but think he'll go free anyway, partly because of who he is.

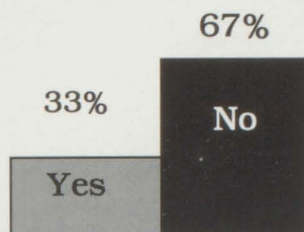

Matthew McLarney

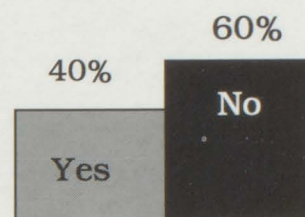

Recently the yearbook staff interviewed some M.C.H.S. students and asked them the following questions . . .

Do you pray?

Is there too much violence on T.V.?

Do you feel that your peers are honest?

Name: Amy Westrick  
Age: 17  
Grade: 12th  
Fav. Group: Ted Newgent  
Fav. Class:  
Electromechanics  
Fav. Movie: Speed

Amy tells us that she thinks purple best represents her personality. She admires Elvis. She says that out of all four of her years at Marine City High School, her most memorable school experience is when she went to the Marine City Wrestling Invitational in her junior year. She pictures herself living with Mike on the base working in electronics and going to school in five years.

We asked Amy what three wishes she would wish for and she replied: (1) A plane ticket to Alabama. (2) A real pair of military boots. (3) A new paid for Dodge Ram 1994. layout by Jamie Austin

What would someone find if they looked under your car seat?

Aaron Fennel: Nothing  
Kelly Wilkie: Radar Detector  
Kristina Ledford: Pennies, food, and dirt  
Lisa Barns: Fries from McDonald's

Should the driving age be raised to 18?

Aaron Fennel: No, only for girls  
Kelly Wilkie: No  
Kristina Ledford: No  
Lisa Barns: No

Do you wear your seatbelt when you're in a car?

Aaron Fennel: No  
Kelly Wilkie: Yes  
Kristina Ledford: At night when I'm alone.  
Lisa Barns: I have automatic seatbelts.

## Breaking Out!

When April rolls around Seniors' thoughts turn to their plans for Spring Break and school work is the farthest thing from their minds. Here are just a few of the places Marine City High School Seniors are going this April.

Florida!! — Amy Bleth

Going on a cruise with two of my best friends, Andy and Dave. — Greg Heath

I am going to Alaska by snow shoe. — Cheryl Heck

I plan to go to Acapulco and party with my friends. — Trisha Sharrow

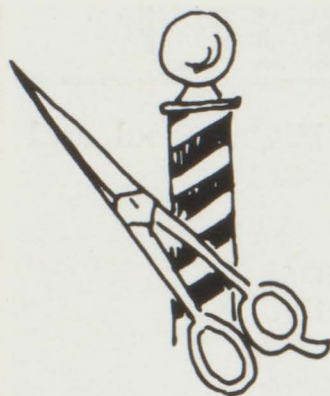

White sandy beaches of Marine City. — B. J. Gohl

## A Lunch to Remember!

When we were juniors my six friends and I went out for a quiet lunch at the local DQ. On the scenic ride back we were traveling at a fast pace when the turn to the parking lot came upon us. Patty Morehead expertly made the turn and seconds later the lovely Bronco II was upside down in the junior parking lot. Thanks to Rachel Carpenter's warning "It's gonna blow" we were able to exit the Bronco quickly and calmly. Luckily for us nobody spilled pop or ice cream on anybody else. Here is a word of advice from someone who knows: Bronco IIs do NOT corner like they are on rails! — Beth Jurmo

### The Neurophysist

by: Greg Heath

Did you ever wonder where cat food comes from? They always advertise that it's made with real fish or chicken or liver . . . but does it look like any of those? Okay, so maybe it resembles liver. But chicken or fish? It reminds me of the time I got a meatless hamburger. I like moles, they remind me of freckles. Did you ever wake up in bed because you had a dream that you were falling, but you wake up and find your toe in your mouth? Good, I'm glad I'm not the only one. People say that noodles are good if they stick to the wall. If they stick to the ceiling would they be any good? I feel sorry for anybody living in denial. They must be awfully soggy. Reading books is fun, especially if you have a record to tell you when to turn the page. Unfortunately my record always skips, so I finish

the book before the record is finished. Faulty wiring is fun to play with, until you get brain damage. Unfortunately, my record always skips, so I finish the book before the record is finished. Trout is fun to eat. Godzilla would make a good friend. I find that if a mahogany desk is covered with gasoline, it burns faster than a spatula. Pinwheels are clever contraptions, aren't they? I like when the wind blows them in circles. I wish I knew somebody named Zontaire Beetenheimer. He'd make a good friend too. If a tree fell in the forest and nobody was there to hear it, would the deer it landed on make a sound? If I won the lottery, I would buy 1,000,000 pink golf balls and try to knock the heads off of every pink flamingo that I see.

# GUESS WHO

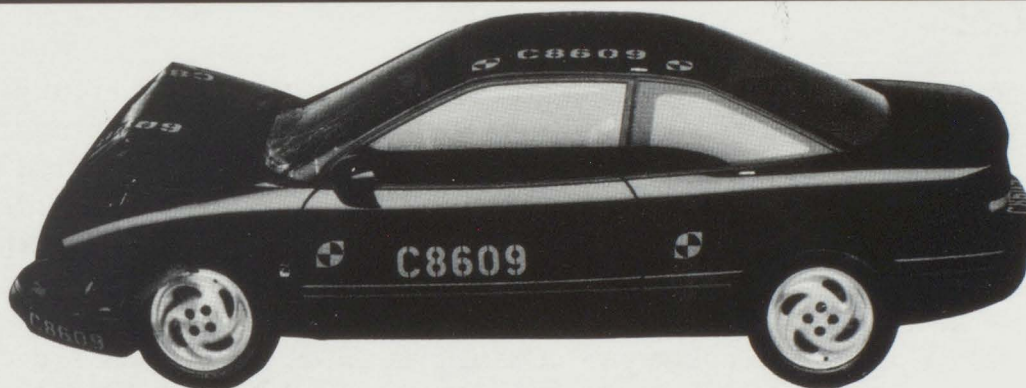

Julie Brown and  
Corinn Clark

Here are two honor students of Marine City High School, and five hints to help you guess who they are!! Good Luck!!

1. Both children are in the same grade.
2. Both have birthdays in the same month.
3. Both are the youngest kids in the family.
4. They have been neighbors since birth.
5. They both are still friends today.

Hopefully these five hints could lead you to find the identity of these Mariners. Another helpful hint is they are dressed up for Halloween, this is not normal dress.

The top ten drivers of Marine City High School. The local auto body shops would like to thank the following students for their reckless driving.

RULES: Simply match the driver with the accident

- |                     |   |
|---------------------|---|
| A. Chris Sawicki    | 1. This driver found their way up a curb and under a no parking sign.           |
| B. Joe Chartier     | 2. This driver likes to park on the bumpers of other cars.                      |
| C. Lori Forst       | 3. Taking a curve fast slightly rear ends a local friend.                       |
| D. Chris Niez       | 4. This driver you can find backing into local ditches leaving friends' houses. |
| E. Patty Morehead   | 5. All Around reckless driver!!!  |
| F. Barbie Bacon     | 6. This driver found his way into the rear end of a fire truck.                 |
| G. J. D. Hill       | 7. This driver found her way on to a bus the hard way.                          |
| H. Dave Cross       | 8. This driver had a little trouble making a turn onto Ward St. after lunch.    |
| I. Dana Gilbert     | 9. This driver finds an ice patch and kisses a guard rail.                      |
| J. Rachel Carpenter | 10. This driver rolls her Bronco returning to lunch one day.                    |

# 1995

*Ninety-Five*

The 1995 Marine City High School Yearbook was published by the Taylor Publishing Company. A special thank you goes to the Yearbook's official photographer, Prestige Portraits. Also another thank you goes to our Taylor Publishing Company Representative, Sam Slis.

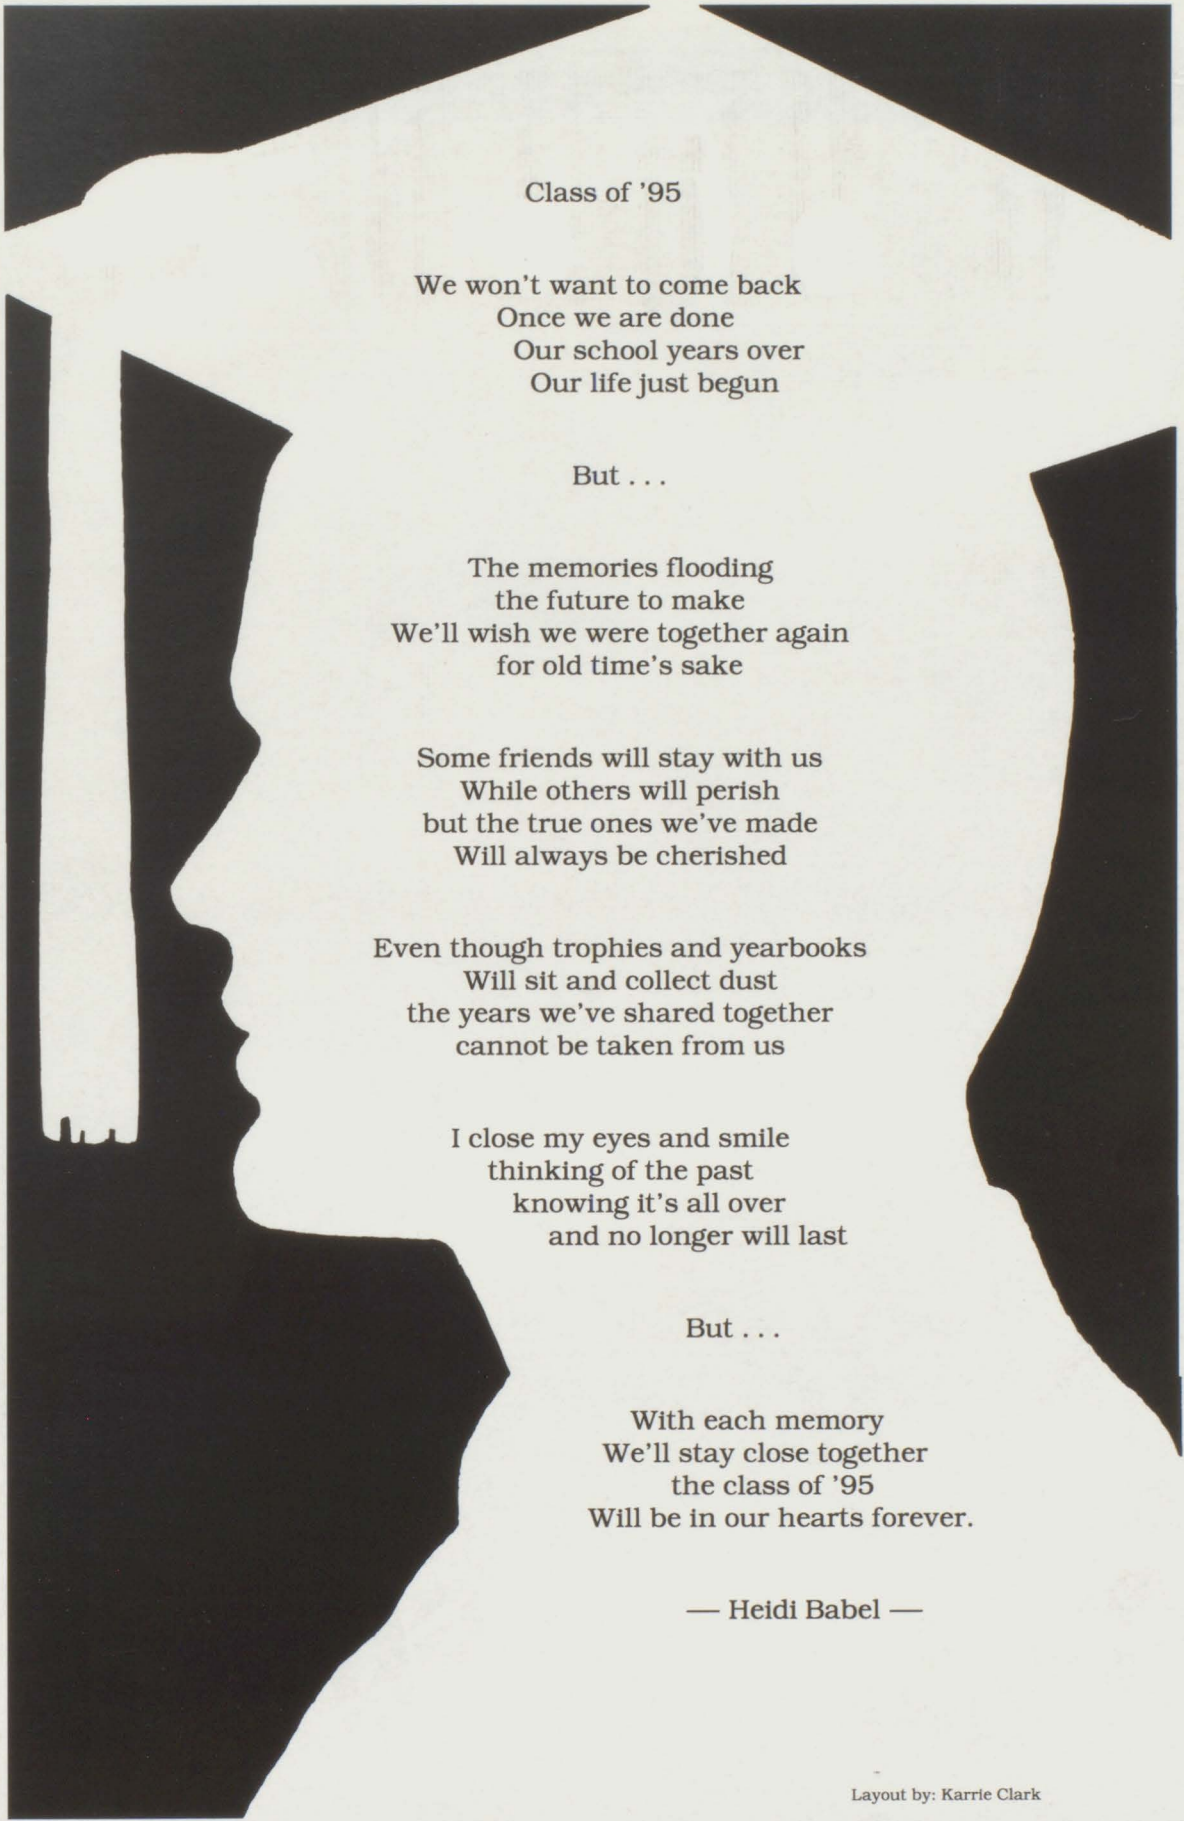

Volume #75 consists of 192 pages. To create this yearbook a lot of creativity and dedication are put into 4 main deadlines and 8 partial deadlines.

A great effort was put into this yearbook to make it the most memorable yearbook ever, here, home of the Marine City Mariners. From "Leaving Our Mark," "A Year in Your Life," to "That's All Folks." We, the 1995 Yearbook Staff, do hope the *No Limits* is the best one yet.

Jamie Smith  
'95 Yearbook Editor

*Definition: Always remember limitation is of the mind. To go to your own limits is impossible. No one can ever say, "I cannot do anything else," and no one can every say, "I've done all that I can possibly do." Why, you might ask, because no one should ever give in or just stop trying, because limits are really endless. Anyone can always be better. To say it in two short, understanding words, there are . . . No Limits.*

Class of '95

We won't want to come back  
Once we are done  
Our school years over  
Our life just begun

But . . .

The memories flooding  
the future to make  
We'll wish we were together again  
for old time's sake

Some friends will stay with us  
While others will perish  
but the true ones we've made  
Will always be cherished

Even though trophies and yearbooks  
Will sit and collect dust  
the years we've shared together  
cannot be taken from us

I close my eyes and smile  
thinking of the past  
knowing it's all over  
and no longer will last

But . . .

With each memory  
We'll stay close together  
the class of '95  
Will be in our hearts forever.
